BOOTH VISUAL

This picture is to show the pipe and drape setup for each booth. The back wall will be 10 (ten) feet long by 8 (eight) feet high. Each side drape will be 5 (five) feet long and 3 (three) feet high. Signs may be hung with proper sign hanging clips on the back drape support poles. These signs must be standard vinyl banner material and not be attached with pins, tape or other means that will damage the drapes. The depth of each booth will be approximately 10 (feet) from the centre of the back drape. No booth may extend past this point.
